Axos Advisor's relationship with your Investment Professional is through a joint marketing agreement for the evaluation of banking products only. Otherwise, there is no affiliation.

Bank products and services are offered by Axos Bank. All deposit accounts through Axos Bank brands are FDIC insured through Axos Bank. All deposit accounts of the same ownership and / or vesting held at Axos Bank are combined and insured under the same FDIC Certificate 35546. All deposit accounts through Axos Bank brands are not separately insured by the FDIC from other deposit accounts held with the same ownership and / or vesting at Axos Bank.

¹ Federal regulations limit certain types of transfers from a money market or saving account to a combined maximum of six per month. If the limit is exceeded, an excess fee for each withdrawal or transfer over the limit will be assessed. If transfers exceed this limit more than occasionally, we will convert the account to a type not subject to transfer limits or close the account. See our Deposit Account Agreement and Disclosures for details.

² Must be new funds to receive stated rate. NOTE: "New Funds" is defined as funds that did not originate from another Axos Bank Brand.

³ The Annual Percentage Yield (APY) is accurate as of February 21, 2019. The interest rate and corresponding APY for savings and money market accounts are variable and are set at our discretion. Interest rates may change as often as daily without prior notice. Fees may reduce earnings.

⁴ We use the daily balance method to calculate the interest in your account. This method applies a daily periodic rate to the daily collected balance in your account. The Collected Balance is the balance of all deposits in your account on which we have received credit for the deposited funds (determined by the availability schedule of our Federal Reserve Bank for non-cash items). All Checking and Savings accounts are variable rate accounts. Time Deposit rates are fixed for the term of the certificate. Time Deposits require a substantial penalty for early withdrawal. Please refer to the Deposit Account Agreement and Disclosure for further information.

⁵ This is a tiered, interest earning variable rate account. All daily collected balances up to and including \$150,000 will earn interest based on the combined rate rewards. All daily collected balances greater than \$150,000 will not earn interest. Your annual percentage yield can be as high as 1.25% based on the following combined rate rewards: direct deposits (not including intrabank transfers from another account) totaling \$1,000 or more each month will earn .4166%; at least ten (10) point-of-sale transactions per month using your Rewards Checking VISA Debit Card for normal everyday purchases with a minimum of \$3 per transaction will earn .4166%; and adding five (5) or more point-of-sale transactions per month using your Rewards Checking VISA Debit Card for normal everyday purchases with a minimum of \$3 per transaction will earn .4166%. Qualifying transactions must post and clear the account during the monthly qualification cycle. Transactions may take one or more business days from the transaction date to post to the account. At the time of your statement cycle date we will determine the combined products and services used since the previous cycle date to determine the aggregate interest rate to apply to your current statement cycle. We will use the daily balance method to calculate the interest on your account. Please see our Schedule of Interest Rates on our Website for the current interest rates and annual percentage yield. We may change the interest rate paid for products and services used and the annual percentage yield at the Bank's discretion any time without notice. Fees may reduce earnings.
